# Parking Information

## For LOCAL educators...

[UOttawa underground parking](#) is the most economical parking option (limit of \$17.50 per day compared to metered parking that has no maximum!). The closest underground parking lot is [Brooks garage](#), followed by the [Mann garage](#).

There is a ticket machine but it is difficult to find (behind the old wickets). The most efficient way to park is to download the "Hotspot" app from the [App Store](#) or the [Google Play Store](#) to get started creating your account. Occasional users now have the choice of paying for parking directly from a credit card ("Pay & Go"). If you don't want to download the app right away, you can also go to [www.htsp.ca](http://www.htsp.ca) from your phone or computer's web browser. The same app and e-wallet can be used for any HotSpot-enabled municipality or parking facility, including at Carleton University. By using the app, you will receive a notification when the time is expired.

### A RECEIPT IS REQUIRED FOR REIMBURSEMENT.

If using the app, you can take a screenshot of Manage My Account > History in lieu of a receipt.

## For educators STAYING OVERNIGHT....

Members **who will be driving to the conference and staying overnight** will be staying at 90U Residence. Upon arrival:

- [Park in Lot K](#), next to 90U residence;
- Make your way to the lobby of 90U where you will see parking meters;
- Choose the number of days you will be requiring parking for. Parking tickets expire at 10:30am (checkout time). For example, arriving on Thursday and leaving before 10:30am on Sunday would count as 3 days.
- Bring the ticket back to your car.

### A RECEIPT IS REQUIRED FOR REIMBURSEMENT.

Please note that the Learning Crossroads (CRX) building is situated in the gray space next to the Lamoureux (LMX) building.
